

Our Philosophy

Xpress Chefs strives to provide a tasty, healthier food option for schools and care centers. This is especially important given the increasing health problems related to poor nutrition.

We believe that it's important to teach healthy eating habits during early years, and that it's never too late to start eating healthier.

Meals are prepared in a Hawaii Department of Health certified kitchen, overseen by a registered dietitian. If you have the time, we welcome you to come visit.
